

Sneak Peak: “Proxy Preview” Released TODAY!

Jessica - February 23rd, 2011

With proxy season just around the corner, we’re getting a sneak peak of what’s in store with **As You Sow’s** annual “Proxy Preview,” outlining the upcoming shareholder resolutions for 2011. The 7th annual edition of “Proxy Preview” provides a comprehensive overview of the shareholder resolutions that will be presented to public companies this year. Upcoming resolutions feature a wide array of topics, such as the environment, human rights, diversity, corporate governance, and many more. “Proxy Preview” is an excellent resource for learning more about shareholder advocacy and can help you become a more informed shareholder. The report details current advocacy issues, but also highlights the organizations that actively submit and support resolutions at a variety of public companies.

Learn more about the upcoming publication by attending a webinar today, February 23rd, from 1:30 to 3:00 PM EST. The webinar will highlight key issues to look for this year and will be hosted by As You Sow and representatives from some of the other organizations that contributed to the production of “Proxy Preview.” Register for the webinar [here](#) and then download “[Proxy Preview](#)” for free afterwards.
